

# Contents Pages 1-15

## Table of Contents

Course Description .....	16
Learning Objectives .....	16
Key Terms .....	17
Module 1: Introduction to OSHA .....	31
Module Description .....	31
Module Learning Objectives .....	31
Lesson 1: Introduction to OSHA .....	31
Lesson Focus .....	31
OSHA's Mission .....	32
State Plans .....	35
OSHA Standards .....	35
Enforcing Standards .....	37
Lesson Summary .....	37
Lesson 2: Employer Responsibilities .....	38
Lesson Focus .....	38
Employers' Responsibilities .....	38
Safety Data Sheets (SDS) .....	41
Your Right to ... Know About Hazardous Chemicals .....	41
Lesson Summary .....	48
Lesson 3: Workers' Rights and Responsibilities .....	49
Lesson Focus .....	49
Workers' Rights .....	49
Reporting Safety Hazards .....	52
Whistleblower Protections .....	53
Worker Resources .....	54
Lesson Summary .....	72
Module 2: Managing Safety and Health .....	72
Module Description .....	72
Module Learning Objectives .....	73
Lesson 1: Accident Costs and Prevention .....	73
Lesson Focus .....	73
Accident Costs .....	74

Safety Programs .....	76
Worksite Analysis .....	81
Hazard Recognition .....	85
Hierarchy of Hazard Controls .....	85
Risk Analysis .....	87
Lesson Summary.....	88
Lesson 2: Accident Causation and Investigation .....	89
Lesson Focus .....	89
Understanding Accident Causation .....	89
Accident Theories.....	89
Accident Investigation Techniques .....	92
Behavior-Based Safety (BBS) Programs .....	94
Lesson Summary.....	99
Module 3: OSHA Focus Four Hazards .....	99
Module Description .....	99
Module Learning Objectives .....	100
Lesson 1: Fall Protection .....	100
Lesson Focus .....	100
Falls and Fall Protection .....	100
Types of Work Requiring Fall Protection .....	102
Types of Fall Protection—Passive Systems .....	106
Types of Fall Protection—Active Systems .....	109
Protection from Falling Objects.....	110
Case Studies .....	110
Lesson Summary.....	111
Lesson 2: Inspection and Safety Monitoring Systems .....	112
Lesson Focus .....	112
Inspecting Fall Protection Equipment .....	112
Personal Fall-Arrest Systems (PFASs).....	112
Positioning Device Systems .....	114
Safety Monitoring System.....	115
Falling Objects.....	115
Fall Protection Plan .....	115

Training .....	116
Case Study .....	116
Lesson Summary.....	117
Lesson 3: Electrocution .....	117
Lesson Focus .....	117
Electricity .....	118
Electrical Injuries .....	119
Electrical Hazards and How to Control Them .....	120
Examples of Electrical Accidents.....	123
Lesson Summary.....	124
Lesson 4: Electrical Hazards—Other Preventive Measures .....	124
Lesson Focus .....	124
Improper Grounding .....	124
Overloaded Circuits.....	125
Power Tool Requirements .....	126
Clues that Electrical Hazards Exist.....	127
Locking Out and Tagging Out of Circuits.....	127
Safety-Related Work Practices.....	127
Energized Work .....	128
Preventing Electrical Hazards—Personal Protective Equipment (PPE) .....	130
Training .....	131
Batteries and Battery Charging.....	132
Lesson Summary.....	132
Lesson 5: Struck by Hazards.....	133
Lesson Focus .....	133
What is the Struck-By Hazard?.....	133
The Danger from Heavy Vehicles.....	133
The Danger from Being Struck by Falling or Flying Objects .....	141
The Danger from Constructing Masonry Walls.....	146
Lesson Summary.....	148
Lesson 6: Caught-in-between Hazards.....	148
Lesson Focus .....	148
What is the 'Caught-in-between' Hazard? .....	149

Common Construction Site Caught-in-Between Hazards .....	149
Preventing Caught-in-between Hazards .....	152
Lesson Summary .....	153
Module 4: Personal Protective Equipment .....	153
Module Description .....	153
Module Learning Objectives .....	153
Lesson 1: Introduction to Personal Protective Equipment .....	154
Lesson Focus .....	154
What Is Personal Protective Equipment? .....	154
Personal Protective Equipment Standards .....	154
Employer Responsibilities .....	155
Employee Responsibilities .....	157
Case Study .....	157
Lesson Summary .....	157
Lesson 2: Eye, Face, and Respiratory Protection .....	158
Lesson Focus .....	158
Eye and Face Protection .....	158
Training .....	161
Safe Work Practices .....	161
Respiratory Protection .....	161
What is a Respirator and When is it Needed? .....	162
Case Study .....	165
Lesson Summary .....	166
Lesson 3: Head, Hand, Face, and Foot Protection .....	166
Lesson Focus .....	166
Why Head Protection is Important .....	167
Why Noise Protection is Important .....	168
Why Hand Protection is Important .....	169
Why Foot Protection is Important .....	170
Lesson Summary .....	172
Module 5: Health Hazards in Construction .....	173
Module Description .....	173
Module Learning Objectives .....	173

Lesson 1: Introduction to Hazard Communication Standard.....	173
Lesson Focus .....	173
The Hazard Communication Standard (HCS or HazCom) .....	174
Hazardous Materials.....	176
Important Definitions.....	176
Lesson Summary.....	177
Lesson 2: Labels, SDSs, Symbols, Hazards, and Training.....	177
Lesson Focus .....	177
Labels.....	178
Safety Data Sheet (SDS).....	179
Symbols.....	185
Physical Hazards.....	186
Health Hazards.....	186
Controlling Physical and Health Hazards .....	187
Hazard Communication Program .....	190
Training .....	193
Lesson Summary.....	194
Lesson 3: Hazardous Materials .....	195
Lesson Focus .....	195
Crystalline Silica .....	195
Asbestos.....	196
MDA—Methylenedianiline .....	202
Lead .....	205
Cadmium .....	210
Lesson Summary.....	212
Module 6: Stairways and Ladders .....	213
Module Description .....	213
Module Learning Objectives .....	213
Lesson 1: OSHA Standards and Stairways .....	213
Lesson Focus .....	213
OSHA Standards for Stairways .....	214
OSHA Standards for Stair-rails and Handrails.....	215
Dangerous Conditions .....	216

Case Study .....	216
Lesson Summary.....	217
Lesson 2: Ladders and Training .....	217
Lesson Focus .....	217
Using Ladders .....	217
Training .....	223
Case Studies .....	224
Lesson Summary.....	226
Lesson 3: Safety Measures .....	226
Lesson Focus .....	226
Ladder Safety Requirements.....	227
Design, Construction, Maintenance, and Inspection.....	227
Lesson Summary.....	230
Module 7: Concrete and Masonry Construction .....	231
Module Description .....	231
Module Learning Objectives .....	231
Lesson 1: Concrete and Masonry Construction (Part 1) .....	232
Lesson Focus .....	232
General Requirements .....	232
Shoring .....	234
Lesson Summary.....	234
Lesson 2: Concrete and Masonry Construction (Part 2) .....	235
Lesson Focus .....	235
Lockout/Tagout Procedures.....	235
General Requirements for Formwork .....	235
Shoring and Re-Shoring .....	236
Tiered Single-Post Shores.....	236
Vertical Slip Forms .....	236
Reinforcing Steel .....	237
Removal of Form Work.....	237
Pre-Cast Concrete.....	237
Lift-Slab Operations.....	237
Limited Access Zone for Masonry Construction .....	238

Lesson Summary.....	239
Module 8: Confined Spaces .....	239
Module Description .....	239
Module Learning Objectives .....	239
Lesson 1: Overview of Confined Spaces .....	240
Lesson Focus .....	240
Introduction.....	240
Confined Spaces .....	240
Atmospheric Hazards .....	246
Physical Hazards.....	249
Prevention Program.....	251
Lesson Summary.....	253
Lesson 2: Safety and Training Education .....	253
Lesson Focus .....	253
Duties of Employers and Employees .....	254
Rescue and Emergency Services.....	257
Testing Protocol.....	257
Lesson Summary.....	259
Module 9: Cranes, Derricks, Hoists, Elevators and Conveyors .....	259
Module Description .....	259
Module Learning Objectives .....	259
Lesson 1: General Standards .....	260
Lesson Focus .....	260
Definitions of Key Personnel.....	260
Hazards Associated with Crane Operations .....	260
Accidents.....	262
Lesson Summary.....	263
Lesson 2: Cranes.....	263
Lesson Focus .....	263
Types of Cranes .....	264
Load .....	264
Guarding.....	266
Sheaves .....	266

Inspections .....	267
Lesson Summary.....	267
Lesson 3: Cranes and Rigging .....	268
Lesson Focus .....	268
Floating Cranes and Derricks .....	268
Personnel Platforms .....	269
Personnel Platform-Related Work Practices .....	271
Lesson Summary.....	272
Module 10: Ergonomics.....	272
Module Description .....	272
Module Learning Objectives .....	273
Lesson 1: Ergonomics in the Workplace.....	273
Lesson Focus .....	273
Introduction.....	273
Musculoskeletal Disorders (MSDs).....	273
Physical Risk Factors .....	274
Environmental Risk Factors.....	277
Lesson Summary.....	277
Lesson 2: Improving the Workplace.....	278
Lesson Focus .....	278
Introduction.....	278
Engineering Controls .....	279
Administrative Controls.....	281
Protective Equipment .....	283
Training .....	284
Lesson Summary.....	285
Module 11: Excavations .....	286
Module Description .....	286
Module Learning Objectives .....	286
Lesson 1: Standards and Protection.....	286
Lesson Focus .....	286
OSHA Standards .....	287
Excavations .....	287

The Dangers of Excavations .....	288
Collapses.....	288
Protection of Employees.....	290
Warning System for Mobile Equipment .....	294
Case Study .....	294
Lesson Summary.....	295
Lesson 2: Essentials of Excavations.....	295
Lesson Focus .....	295
Hazardous Conditions .....	295
Access and Egress.....	297
Falls and Equipment.....	298
Planning .....	298
Inspections of Excavations .....	298
Lesson Summary.....	299
Lesson 3: Soil Classification Systems .....	300
Lesson Focus .....	300
Soil Classification .....	300
Classification of Soil and Rock Deposits .....	301
Lesson Summary.....	303
Module 12: Fire Protection and Prevention .....	304
Module Description .....	304
Module Learning Objectives .....	304
Lesson 1: Fire Safety Essentials .....	304
Lesson Focus .....	304
Fires .....	304
Fire Prevention and Protection .....	305
Fire Extinguishers.....	307
Fire Safety Alarms .....	309
Rescue and Evacuation.....	310
Injuries and First Aid.....	310
Lesson Summary.....	312
Lesson 2: Fire Prevention and Safety Measures .....	313
Lesson Focus .....	313

Ignition Hazards.....	313
Temporary Buildings.....	315
Open Yard Storage.....	315
Indoor Storage.....	315
Emergency Planning .....	316
Portable Firefighting Equipment .....	316
Fixed Firefighting Equipment.....	317
Lesson Summary.....	318
Module 13: Materials Handling, Use and Disposal .....	318
Module Description .....	318
Module Learning Objectives .....	318
Lesson 1: The Hazards and Methods of Prevention (Manual Handling).....	319
Lesson Focus .....	319
Introduction.....	319
Bulkiness and Weight of Materials.....	319
Body Movement.....	319
Methods of Prevention.....	319
Lesson Summary.....	322
Lesson 2: Materials Handling Equipment .....	323
Lesson Focus .....	323
Conveyors .....	323
Cranes.....	324
Slings.....	325
Powered Industrial Trucks .....	326
Lesson Summary.....	327
Lesson 3: Ergonomics, Training, and Education .....	328
Lesson Focus .....	328
Ergonomics Safety and Health Principles.....	328
Fire Safety Precautions .....	329
Training and Education.....	329
Safety and Health Program Management Guidelines.....	330
Lesson Summary.....	331

Module 14: Motor Vehicles, Mechanized Equipment and Marine Operations; Rollover Protective Structures and Overhead Protection; and Signs, Signals and Barricades..	332
Module Description .....	332
Module Learning Objectives .....	332
Lesson 1: Motor Vehicles (Subpart O).....	332
Lesson Focus .....	332
General Requirements .....	333
Access Roadways and Grades.....	336
Audible Alarms .....	336
Struck-by and Caught-in-Between Hazards .....	336
Lesson Summary.....	339
Lesson 2: Rollover Protective Structures for Material Handling (Subpart W).....	340
Lesson Focus .....	340
Introduction.....	340
Case Studies .....	340
Design of ROPS .....	341
Labeling .....	342
Lesson Summary.....	342
Lesson 3: Signs, Signals, and Barricades (Subpart G).....	342
Lesson Focus .....	342
Accident Prevention Signs and Tags.....	343
Lesson Summary.....	349
Module 15: Safety and Health Programs.....	350
Module Description .....	350
Module Learning Objectives .....	350
Lesson 1: Effective Program Elements.....	350
Lesson Focus .....	350
General Guidelines .....	351
Major Elements.....	351
Lesson Summary.....	367
Lesson 2: OSHA Safety and Health Programs .....	369
Lesson Focus .....	369
State Programs.....	369
Consultation Services.....	369

Voluntary Protection Programs (VPPs) .....	370
Strategic Partnership Program .....	371
Training and Education.....	372
Lesson Summary.....	373
Module 16: Scaffolds.....	374
Module Description .....	374
Module Learning Objectives .....	374
Lesson 1: Introduction to Scaffolds.....	375
Lesson Focus .....	375
What is a Scaffold?.....	375
Types of Scaffolds .....	375
Suspended Scaffolds.....	376
Supported Scaffolds .....	380
Lesson Summary.....	385
Lesson 2: Overview of OSHA Directives for the Construction of Scaffolds.....	386
Lesson Focus .....	386
Suspension Scaffolds .....	386
Supported Scaffolds .....	390
Lesson Summary.....	394
Lesson 3: Scaffold Safety Measures .....	395
Lesson Focus .....	395
Introduction.....	395
How Do You Minimize the Risks?.....	396
Guardrails .....	397
Personal Fall Arrest Systems .....	398
Personnel Requirements for Scaffolding Safety .....	401
Lesson Summary.....	402
Module 17: Tools - Hand and Power .....	403
Module Description .....	403
Module Learning Objectives .....	403
Lesson 1: Safe Use of Hand and Power Tools .....	403
Lesson Focus .....	403
Introduction.....	403

General Requirements .....	404
Working with Tools at Height.....	404
Hand Tools .....	405
Personal Protective Equipment (PPE).....	406
Hazards of Hand and Power Tools.....	409
Switches .....	411
Lesson Summary.....	411
Lesson 2: Classification of Tools .....	412
Lesson Focus .....	412
General Safety Precautions.....	412
Electric Power Tools .....	413
Guarding.....	415
Pneumatic Tools.....	416
Liquid Fuel Tools .....	418
Powder-Actuated Tools .....	418
Lesson Summary.....	420
Module 18: Welding and Cutting .....	421
Module Description .....	421
Module Learning Objectives .....	421
Lesson 1: General Requirements .....	421
Lesson Focus .....	421
Introduction.....	422
Fire Prevention and Protection .....	422
Personnel Protection .....	424
Health Protection and Ventilation .....	425
Lesson Summary.....	426
Lesson 2: Oxygen-fuel Gas Welding and Cutting .....	426
Lesson Focus .....	426
Introduction.....	426
Cylinders and Containers .....	427
Manifolding of Cylinders .....	429
Service Piping Requirements .....	430
Protection of Service Pipe Systems.....	431

Lesson Summary.....	432
Lesson 3: ARC Welding and Resistance Welding .....	433
Lesson Focus .....	433
ARC Welding and Cutting.....	433
Resistance Welding.....	435
Case Study.....	436
Lesson Summary.....	437
Module 19: Silica Exposure.....	437
Module Description.....	437
Module Learning Objectives .....	438
Lesson 1: The Issue .....	438
Lesson Focus .....	438
Silica.....	439
Over-Exposure to Silica.....	439
Silica Exposure Limits .....	440
Common Silica-Producing Tools and their Controls .....	445
Exposure Assessment Options.....	449
Exposure Control Options .....	450
Hazard Communication .....	452
Lesson Summary.....	453
Module 20: Lead Exposure .....	454
Module Description.....	454
Module Learning Objectives .....	455
Lesson 1: Lead in the Workplace .....	455
Lesson Focus .....	455
Introduction.....	455
Lead in the Construction Industry .....	455
Routes of Exposure to Lead .....	456
Activities That Can Cause Lead Exposure .....	456
Health Hazards of Lead Exposure.....	457
Signs and Symptoms of Lead Poisoning .....	457
Medical Monitoring .....	458
Exposure Assessment.....	458

Lesson Summary.....	460
Lesson 2: Exposure Reduction & Employee Protection.....	460
Lesson Focus .....	460

---

Revision #1

Created 24 April 2024 19:50:26 by Dale Bergman

Updated 24 April 2024 19:58:55 by Dale Bergman
